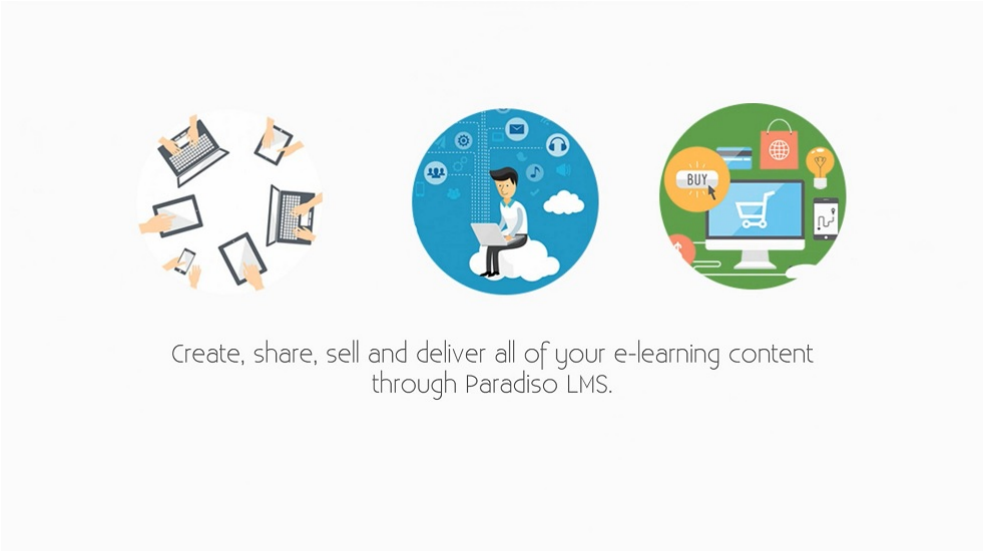
Paradiso Solutions Announces its Free LMS to Support Educational Purposes



Paradiso Solutions releases the free version of its popular LMS. With free Paradiso LMS, schools, colleges, universities, among others educational places can enjoy Paradiso LMS up to 50 users, no credit card required.

AdvertisementThe education has been experimenting lots of changes that have Why this Ad? transformed the way that school, colleges and universities transmit the knowledge to their students. Educational institutions can't stay behind of this new technologies, but sometimes they can't afford them or they just don't know how to use them. That's why Paradiso Solutions starts offering its free LMS to help them take the quality of their education system to the next level.

With a Learning Management System the institutions could create a virtual environment where students can receive a new educational experience, without the limitation of time and space, thanks to multiples advantages of the LMS in terms of time, customization and accessibility. They can take their classes everywhere, every time and from their own devices.

Paradiso Solutions' initiative brings to Institutions the opportunity to start using Paradiso LMS for free up to 50 active students and with free set up, training and on boarding for teachers and IT staff. Also, they would have access to many features that would create an unique learning experience for their students. Some of them are:

Gamification	Performance Management
Social Learning	Custom roles and permissions
Blended Learning	Certifications
Assessments (tests)	User and course management: Create, delete, edit, import and export users or courses.
Mobile Learning	Interactive content
Basic reporting	Add content to the courses (SCORM, Lessons, PDFs, Quizzes, Videos).
Video conferencing	Learning paths

Education has never been this easy. Thanks to Paradiso Free LMS many institutions from the educational sector could start to optimize their resources, increase performance, develop a collaborative environment, have schedule flexibility, work with multiple teaching tools and constantly update information about the courses and students. All these benefits could be taken in just one click.
