Statement of Proposed Work

For professional medical writing services provided to:
Catalyst Medical Education, LLC (Catalyst)

Short description of proposed project:
Write a needs assessment about emerging therapies for metastatic urothelial carcinoma (mUC)

Amount	Reference	Detail of proposed services
$2,000	Fully executed consulting agreement dated 3/16/20, including Exhibit A, signed by Lou Settembrino and Don Harting	Provide professional research, medical writing, and continuing education planning services to aid in responding timely to an RFP from Pfizer. Topics will include: • understanding current treatment options in 1L treatment of mUC and concept of "first-line maintenance" • evidence for survival advantages of sequential immuno-therapy over current S-O-C regimens in 1L mUC • differences between upfront treatment and sequencing strategies in 1L Catalyst will furnish details of preferred NA format. Writer will follow format and work from an outline approved in advance by Catalyst. Target date for delivery of outline: March 27. **Target delivery date for finished NA: April 6.**

Notes:
1) This proposal includes one revision. Additional revisions will be billed at $110/hr.
2) Payment in full is expected within 30 days of invoice to be submitted with first draft.

Agreement: This proposal and related notes are acceptable to me.
