Medical Writer
Rockpointe
Nov 2007 – May 2009 · 1 yr 7 mos
Columbia, MD

Medical Writer for high-quality medical educational initiatives encompassing interactive live, online, and print platforms. Collaborated with multidisciplinary team on all phases of creative development and implementation of medical content as well as active participation in new business efforts. Responsibilities included engaging key thought leaders, writing and revising projects for... See more

Research Technician
Brigham and Women's Hospital
Jul 2000 – Aug 2002 · 2 yrs 2 mos
Boston, MA

Explored downstream Msx1and Msx2 genes function during tooth development in the laboratory of Dr. Richard Maas. Collaborated with laboratory research team of PhDs, MDs, graduate students, and technicians. Managed laboratory supplies, performed mouse husbandry, and oversaw laboratory chemical safety.

Education

Columbia University College of Physicians and Surgeons
Master of Philosophy (MPhil), Cell/Cellular and Molecular Biology
2002 – 2007

Conducted original angiogenesis research on the role of VEGF signaling during tumor growth. Presented scientific findings via PowerPoint, poster, and "chalk" presentations. Critically analyzed peer research for sound scientific methodology and provided insight for new avenues of investigation. Researched, wrote, and reviewed publications, grant applications, and predoctoral awards. Maintained working knowledge of advancements in vascular remodeling during embryogenesis and tumor growth. Educated peers and enforced safety regulations as Laboratory Liaison for Environmental Health & Safety. *Developed severe allergy to mice. Withdrew from doctoral program upon medical advice to discontinue animal research.

Mount Holyoke College
