# Tech-Celerate Now

**Tech-Celerate Now**
Tech-Celerate Now is a Federal Motor Carrier Safety Administration (FMCSA) program

*Tech-Celerate Now* is a Federal Motor Carrier Safety Administration (FMCSA) program, with funding and technical support from the Department's Intelligent Transportation Systems Joint Program Office, for accelerating the adoption of advanced driver assistance systems (ADAS) in the commercial motor vehicle (CMV) industry.

## Motor Carrier ADAS Testimonials

In September 2021, the Tech-Celerate Now (TCN) program team jointly held an online webinar with the Partners for Automated Vehicle Education (PAVE). As part of that joint TCN/PAVE webinar, trucking company executives from Boyle Transportation, Cargo Transporters, and Maverick Transportation shared their perspectives on their experience with advanced driver assistance systems (ADAS) such as forward collision warning, automatic emergency braking, lane keeping assist, adaptive cruise control, camera-based mirrors, and blind spot warning systems.
