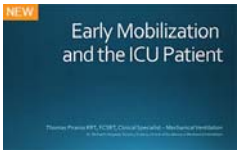
Continuing Respiratory Care Education (CRCE) Courses

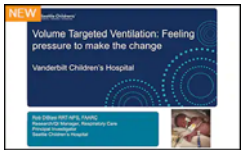
Earn complimentary CRCE credits by successfully completing our online webinars and presentations for respiratory professionals. You can take tests by selecting "Take your test" after watching one of our webinars. After successfully completing a test and course evaluation, you'll receive an email with your CRCE certificate.

Choose from our list of accredited webinars and presentations and start earning CRCE credits now!

**Each progam has been approved for 1.0 contact hour Continuing Respiratory Care Education (CRCE) credit by the American Association for Respiratory Care, 9425 N. MacArthur Blvd., Suite 100, Irving, TX 75063*



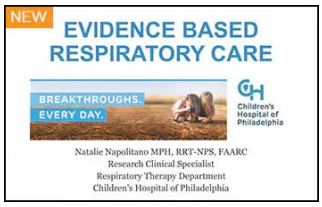
Early Mobilization and the ICU Patient



Volume Targeted Ventilation: Feeling Pressure to Make The Change

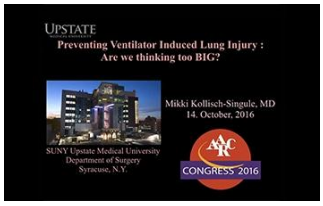
Interpretation of Neonatal Ventilator Waveforms

HFNC: Effective and Safe?



Evidence Based Respiratory Care

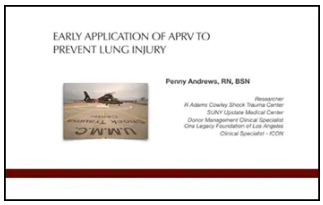
Early Mobilization of the ICU Patient



Alveolar Microstrain & Stress

Breakdown of the Mechanical Breath Profile

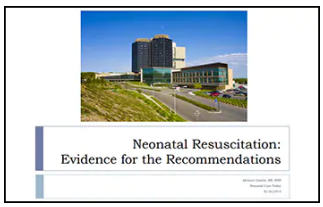
Myths and Misconceptions of APRV



Pre-emptive Use of APRV to Prevent ARDS

Safe Transport of the Neonate

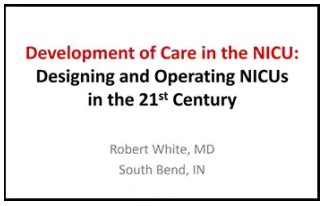
Best Practices in Thermoregulation



Neonatal Resuscitation - Evidence for Recommendations

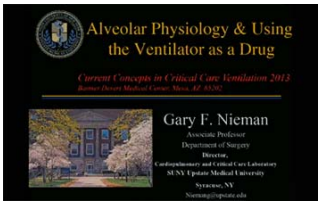
Safety in the NICU

Challenges in Neonatal Ventilation

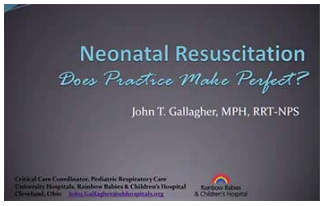


Development of Care in the NICU

Enhancing Parent Support

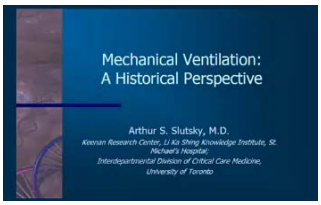


Alveolar Physiology & Using the Ventilator as a Drug



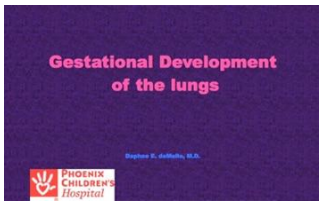
Neonatal Resuscitation: Does Practice Make Perfect

It Takes A Village to Raise a Sick Neonate

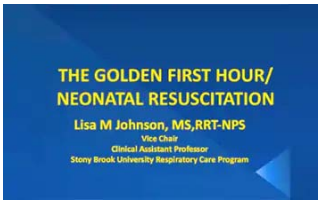


Mechanical Ventilation: Historical Perspective

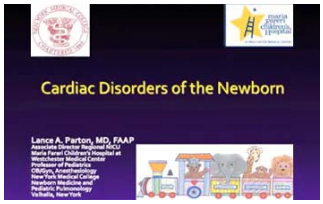
Lung Recruitment: Techniques



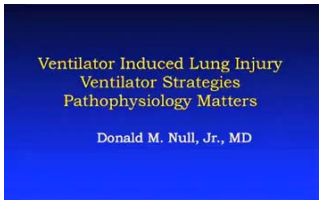
Gestational Development of the Lungs



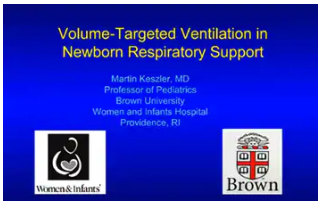
Golden First Hour of Newborn Resuscitation



Cardiac Disorders of the Newborn



Neonatal Pulmonary Disorders



Volume-Targeted Ventilation in Neonatal Care
